Around Again

Philip Selway

Take your time
I can wait
it's been around us all before,
but nothing has changedWell I know
what you do
and I know what's funny now,
will bother me soonIf there was a better life,
I know you'd be shying away
The dream of a better life,
I know that you shied awayOh, come onIt's a pose
It's a beat
It goes round and round my head
stuck on the beatTake your time
I can wait
We'll go round and round this all,
again and againIf there was a better life,
I know you'd be shying away
The dream of a better life,
I know that you shied awayWe're on a knife edge
on a knife edge of a time
And it's you, tearing me apartKeep me on a knife edge
On a knife, edge of a time
It's you, tearing me apartWe're on a knife edge
on a knife edge of a time
And it's you, tearing me apartKeep me on a knife edge
On a knife, edge of a time
And it's you, tearing me apartAround and around and around again
