

# Electricity (7" Version)

## Orchestral Manoeuvres In the Dark

I want some, some energy  
The ultimate discovery  
Electric blue for me  
Never more to be free  
Electricity  
Nuclear and HEB  
Come fuels from the sea  
Wasted electricity  
I want some, some energy  
Electricity  
All we need is to learn to save  
And if a man would throw away  
It doesn't change the city cost  
The alternative is only one  
The final source of energy  
Solar electricity
