

I'm Soul

Sleepy Brown

Unh... yeah... you know uh... it's the A baby...

It's me (watch me) it's me (watch me)

It's me (watch me) it's me (watch me)

It's me (watch me) it's me (watch me)

It's me (girl, I'm so)

(Soul) so real (soul) so fly

(Soul) so wise (soul) so right

(I'm soul) so grown (soul) so on

(Soul) so on (soul)

Cadillac night and caramel cake

Sittin' on vogues with golden flakes

Kangol tilted t'wards yo' way

Ridin' slow down M.L.K.

I'm soul... I'm soul

That's soul... that's soul

A-Town's gleamin' 'cross my face

Everybody's watchin' me

Say pretty lady, are you hungry

We can go somewhere get some buff'lo wings

That's soul... that's soul

I'm soul... I'm soul

Later on we can do our thing

Sippin' while we're cuddling

Baby makin' love by the fireplace

While I'm whisperin' in yo' ear

I'm soul... I'm soul

That's soul... that's soul

You know that he's the soulest brother in the A, Town

The girls call him Pat, or Sleepy Brown

He got a mean ass walk, straight gangsta stroll

When he walks through the girls point they toes

'Cause they love him (I love him) 'cause they love him (I love him)

'Cause they love him (I love him) 'cause they love him (I love him)
'Cause they love him (I love him) 'cause they love him (I love him)
'Cause they love him (I love him) 'cause they love him (I love him)
Women want, men wanna be

Oh so clean from my head to my feet
Out here hustlin', on these streets
Ain't nobody bad like me
I'm soul... I'm soul

That's soul... that's soul
If you hatin' gon' yo' way
If you want me here's where I stay
Where everybody knows my name

When you see me baby, throw up the A
I'm soul... I'm soul
that's soul... that's soul
