Another Life Tko

Keith Bradford

In life it's your right to chose
Chose wrong and you will lose
So be strong, think: again avoid the blow
And another life TKO

CHORUS:
Growin' up I never had a chance
The family scene for me, didn't last
So I found my self in a :fix oh
Before long I was doin' six
Choose not to finish school no one around
To enforce that golden rule joined the crowd
Hardened and cool now I look around and say what a fool
Yea I look around and say what a fool

CHORUS REPEAT
In such despair, couldn't get it together
For the family affair, the kids need books
I needed air, but couldn't get far .
Cause child support services was at my back door

CHORUS REPEAT

TAG:
I found myself in a fix and before long I was doin' six
Before long I was doin' six before long I was doin' six
