

Freedom and Liberty

Funeral Dress

hey you, understand
quit now, start again
time to shut down automatism
time to let it fly
when I get up, late AM
I know, what I want
something more than a sketchy life
I know I want it all and I won't compromise,
the big little white lie! [Chorus:]
Freedom, Freedom,
Freedom and Liberty
Freedom, Freedom,
Freedom and Liberty one chance, one road
you better look for your own,
the gift of life is a wasted present
if you don't succeed!
Think, act, choose wisely,
don't hurt anybody;
that's the only groundrule people,
one law for the FREE! and don't you compromise,
the big little white lie! [Chorus] [Chorus] when you got no hope and a broken soul,
and blind ambition took your heart,
get up, hey, step into
Freedom and Liberty!"
