

Alley-Gator

ZZ Top

Crawlin' 'cross the floor at the Holiday Inn motel
I saw that girl that my swamp bone knew so well
She crawled out of Texas flipped off to Baton Rouge
She got that Gulf Coast sun tan that give a poor boy the blues Alley-gator, with those hypnotic big green eyes
Alley-gator, she'll make you 'fraid 'em
She'll chew you up it ain't no lie, yeah yeah yeah Crawlin' through the weeds with a Louisiana mean-toothed
grin
You can tell her that you love her, then you better tell her once again
She might scratch your back and rub you with her rack
You better watch out or stand back Alley-gator, with those hypnotic big green eyes
Alley-gator, she'll make you 'fraid 'em
She'll chew you up it ain't no lie, listen here Alley-gator, with those hypnotic big green eyes
Alley-gator, she'll make you 'fraid 'em
She'll chew you up it ain't no lie, listen here Alley-gator, with those hypnotic big green eyes
Alley-gator, alley-gator, alley-gator, alley-gator
Alley-gator, alley-gator, alley-gator, alley-gator
Crocodile, a crocodile, alley-gator, alley-gator, alley-gator
