

# Horse Doctor Man

## The Jesus Lizard

Black like the Black like the home of time  
Green like the Green like the naive child  
    You can't be ready for birth  
    You can't be ready for life  
    You can't be ready for death  
    You can't be ready for time  
Horse doctor man will you take care of us  
I lost your name but I do know your alias  
    Dry Dry like the desert wind  
    Sharp like the weapons of war  
    Broken like the will of a slave  
    Cold like the eyes of a snake  
    You can't be ready for birth  
    You can't be ready for life  
    You can't be ready for death  
    You can't be ready for time  
Dry like the Sharp like the Broken like the Cold like the
