

# Starship Trooper

## Yes

Sister bluebird flying high above  
Shine your wings forward to the sun  
Hide the myst'ries of life on your way  
Though you've seen them, please don't say a word  
What you don't know, I have never heard  
Starship trooper, go sailing on by  
Catch my soul, catch the very night  
Hide the moment from my eager eyes  
Though you've seen them, please don't tell a soul  
What you can't see, can't be very whole  
Speak to me of summer, long winters longer than time can remember  
Setting up of other roads, travel on in old accustomed ways  
I still remember the talks by the water, the proud sons and daughters  
That knew the knowledge of the land  
Spoke to me in sweet accustomed ways  
Mother life, hold firmly on to me  
Catch my knowledge higher than the day  
Lose as much as only you can show  
Though you've seen them, please don't say a word  
What I don't know, I have never shared  
Loneliness is a power that we possess to give or take away forever  
All I know can be shown by your acceptance  
Of the fact there shown before you  
Take what I say in a different way and it's easy to say  
That this is all confusion  
As I see a new day in me, I can also show if you and you may follow  
Speak to me of summer, long winters  
longer than time can remember  
Setting up of other roads, travel on in old accustomed ways  
I still remember the talks by the water, the proud sons and daughters  
That knew the knowledge of the land  
Spoke to me in sweet accustomed ways
