

# Business As Usual

[Ana Popovic](#)

We talk about the weather  
listen to the blues  
make love in the dark  
watch the evening newsbusiness as usual  
but the feeling ain't rightWe go to work  
get the kids to school  
make plans for tonight  
we're playing it coolbusiness as usual  
but the feeling ain't rightIf these walls could talk  
they'd have nothing to say  
we're leaving all the love on the table  
each night and dayI honestly can't tell baby  
where the feeling has gone  
should we work it out,  
should we work it out  
or just leave it alone
