

# I Can Barely Breathe

## Manchester Orchestra

When the dark flood came  
We wrapped ourselves inside a dirty blanket  
Citing different opinions  
On whether we should move  
When the houses came  
They ate up everyone like they were fishes  
Saying, "Come on, come on  
It's the end of the world"  
And then I saw your face  
You're turnin' skin into a dirty secret  
I watched the beauties, watched the fire  
And the fire burn the beauty in their eyes  
When I took the blame  
We laid in ruins tryin' to quote your phrase  
We're yelling, "Someone's got the answers,  
But I'd rather think there's nothing to be found"  
If you knew I was dyin' would it change you?  
If you knew I was dyin' would it change?  
If you knew I was dyin' would it change you?  
If you knew I was dyin' would it change anything?  
So when you see me falling backwards  
Down the wall that says, "I'm still alive?"  
Don't be cautious when I'm cautiously  
Approachin' on the other side  
Ya everybody has their reasons  
That's the reason we're all gonna die  
Because if seein' is believin'  
Then believe that we have lost our eyes  
'Cause when I fly solo I fly so high  
'Cause when I fly solo I fly so high  
'Cause when I fly solo I fly so high  
'Cause when I fly solo I fly so high  
I fly so high, don't touch me now  
We all deserve  
We all deserve something
