Cinco Minutos Con Vos

Elvis Costello

I stood at the kerb trying not to disturb
The dark carnival crew and a glittering voice
Far off there said, "Rejoice"
"As the casualties are but few"

Going to tell you now
Before I forget myself
I could let you loose
But the key won't undo the lock
And the face of the clock
Seemed to merrily mock
These five minutes with you

Mi padre sabÃ-a
Y me lo susurro
Vete a Montevideo y espÃ©rame ahÃ-
Por dÃ³nde empezar?
Escuchando siempre estÃ¡n
Por cinco minutos o mas
Si te atreves

La sirenas lamentan
La plaga que encuentran
Las balas caen
Y te harÃ¡n desaparecer
El faro oscurece hay poca esperanza
Cinco minutos con vos

The propeller was droning, I woke up alone
They opened the door and they threw me through
And down I went down, like the twist of a screw
Down into the silver, above me the blue
And you stood there waiting but you never knew
Five Minutes With You

They can scatter the earth and find nothing of worth
Wipe out those years of triangular tears
The colors will fly
And the wild wind will cry I'm strapped to that mast
Knowing they wouldn't last for

Five Minutes With You
