

Thunderhead

The Native Howl

and if you don't run
you better draw
and if you don't draw
lord you better hide
and if get back to me alive
Iâ€™ll see you on the judgment day

and if you don't run
you better crawl
and if you don't crawl
you can lie about the things you saw
and if get back to me alive
Iâ€™ll see you on the judgment day

we horsemen ride with a pistol on the side
with heads like thunder they rob you of your pride
they have no mercy for people far and wide

and if you don't run
boy you better fight
and if you don't fight
lord you've already died
and if get back to me alive
Iâ€™ll see you on the judgment day

we horsemen ride with a pistol on the side
with heads like thunder they rob you of your pride
they have no mercy for people far and wide

we horsemen ride with a pistol on the side
with heads like thunder they rob you of your pride
they have no mercy for people far and wide
