

# Love And Motion (ft Christian Burns)

**Benny Benassi**

The glow I see, it's been following me  
And it's brighter than before  
It seems brighter than before  
And you and me, we see perfectly  
It seems lighter than before  
So much brighter than before And I could be the only  
One that you'd ever need  
And you could be the only  
Girl that I wait for 'Cause you've got me  
And we've got noise  
Do you believe in love?  
1, 2, 3, 4 we've got love  
And motion and motion and motion The glow I see, it's been following me  
And it's brighter than before  
It seems brighter than before  
And you and me, we hear perfectly  
It seems louder than before  
So much rounder than before And I could be the only  
One that you'd ever need  
And you could be the only  
Girl that I wait for 'Cause you've got me  
And we've got noise  
Do you believe in love?  
1, 2, 3, 4 we've got love  
And motion and motion and motion Did you walk across the line?  
Did you shake it off your mind?  
Did you ever think  
That I would be the one  
To bring you back? Did you cover up the sound  
Of a million golden days?  
When the sun comes up  
We'll all be here together, it's okay And I could be the only  
(Just think about everything)  
One that you'd ever need  
(Oh)  
And you could be the only  
(Just think about everything)  
Girl that I wait for 'Cause you've got me  
And we've got noise

Do you believe in love?  
1, 2, 3, 4 we've got love
