Fallingforyou

The 1975

What time you coming down?
We started losing light
I'll never make it right
If you don't want me 'round
I'm so excited for the night
All we need's my bike
And your enormous house
You said someday we might
When I'm closer to your height and
Till then we'll knock around and see
If you're all I needDon't you see me, but
I think I'm falling
I'm falling for you
And don't you need me, but
I think I'm falling
I'm falling for you
And on this night
And in this life
I think I'm falling
I'm falling for you
Maybe you'll change your mind
I think I'm falling
I think I'm fallingI'm caught on your coat again
You said "oh no it's fine"
I read between the lines
And touch your leg again, again
I'll take you one day at a time
Soon you will be mine
Oh but what you now, I want you now
When the smoke is in your eyes
You look so alive
Do you fancy sitting down, with me?
You're all I need
According to your heart
My place is not deliberate
Feeling of your arms
I don't wanna be your friend
I wanna kiss your neckDon't you see me, but
I think I'm falling

I'm falling for you
Don't you need me, but
I think I'm falling
I'm falling for you
And on this night
And in this life
I think I'm falling
I'm falling for you
Maybe you'll change your mind
