# Play It Safe

## Dizmas

Seeing is believing but belief is not like faith
Faith takes chances and faith moves mountains
You will see what you don't see, faith prevails where belief fails
It needs no proof, baby you don't need proofYou play it safe that's why you're running away
You play it safe 'cause you think it's okay, yeah, yeah, yeah
You play it safe that's why you're running away
You play it safe 'cause you think it's okay, yeah, yeah, yeahYou claim to be searching but just want to be down without a fight
No one seeks God, no, not one
God will be, though belief fails and love prevails where passion fails
No one seeks God, no, not oneYou play it safe that's why you're running away
You play it safe 'cause you think it's okay, yeah, yeah, yeah
You play it safe that's why you're running away
You play it safe 'cause you think it's okay, yeah, yeah, yeahOur nature plays with fire burning bridges that made us stronger
Don't play it safe, fall in love with an honest conviction
Our nature plays with fire burning bridges
Don't play it safe, fall in love with an honest convictionYou play it safe that's why you're running away
You play it safe 'cause you think it's okay, yeah, yeah, yeah
You play it safe that's why you're running away
You play it safe 'cause you think it's okay, yeah, yeah, yeah
