Silenced

Mersi Stone

How did we get here?
Who do you think you are?
You say I'm crazy, thinking it will disappear.

But these scars are real.
You say you're sorry 'cause you feel guilty.
But it's only excuses.
You stick to your stories.
You think you've won.

When you scream, I can finally hear myself.
Tears blur my eyes.
Silenced.

The time passes, but how could I forget?
You don't deserve my many second chances.
I'm finally done.
When you scream, I an finally hear myself.
Tears blur my eyes, but you've never been clearer.

Your hands hold me down.
But I've never been freer.
It's just the beginning.
You know this isn't the end.
No longer.. SILENCED.

No more sorries.
No more never agains.
No, no more.
No more empty promises, because now...

When you scream, I can finally hear myself.
Tears blur my eyes, but you've never been clearer.

Your hands hold me down, but I've never been freer.
It's just the beginning.
You know this isn't the end.

No longer silenced.
How did we get here?

Who do you think you are....?
