Lay It On Me

Justin Hayward

I get a yearning when the sun goes down
To hold your body close to mine
I get a feeling to come 'round your house
And light the fire and drink some wineI'll keep you safe and warm
And free from harm
It's understoodOh, darling, take your worries
And lay them on meAnd if you need me on a Friday night
I'll stay the whole weekend and try
We'll solve your problem if it takes all night
I'll even sing a lullabyI'll keep you safe and warm
And free from harm
It's understoodOh, darling, I'm whatever
You want me to beOh, darling, take your worries
And lay them on meI get a yearning when the sun goes down
To hold your body close to mine
I get a feeling to come 'round your house
And light the fire and drink some wineI'll keep you safe and warm
And free from harm
It's understoodOh, darling, take your worries
And lay them on me
Oh, baby
I'm whatever you want me to be
Oh, darling
Get your loving and lay it on me
