

# Wrong Way to Hollywood

## Wall of Voodoo

He walked into a mexican restaurant  
Looking for some pills  
She shivered on Cahuenga and Yucca  
She couldn't shake the chills  
An old man walked out of the Greyhound station  
Where did my wallet go  
And Jimmy searching lost and last seen  
His mother will never know  
He took the wrong way, the wrong way to Hollywood  
He took the wrong way, the wrong way to Hollywood  
A Babylon place where blondes die young  
It's a g-string girl's revenge  
Young boys baiting on S&M and Highland for family men  
The old soft shoe goes on and on  
And the chumps are down for the count  
And the ones who last the longest get their screen test at Paramount  
He took the wrong way, the wrong way to Hollywood  
He took the wrong way, the wrong way to Hollywood  
A flash of nausea a tembling hand  
Falling where we stood  
In a shallow doorway grave  
Lay me down in Hollywood  
He took the wrong way, the wrong way to Hollywood  
He took the wrong way, the wrong way to Hollywood
