

# Enough

## Default

I don't know what you've been told  
I'm hopin' you don't know  
Your ears are ringing inside  
Think I've got something to hide  
You give up  
It's too much  
You feel loved  
It passes time  
Feels like my soul has been sold  
Each day another year old  
Fought in the trenches up front  
Mind not the body the brunt  
You give up  
It's too much  
I've had enough  
You feel loved  
It passes time  
Stop the line  
It got too rough  
I've fed enough  
You give up  
It's too much  
I've had enough  
You feel loved  
It's too much  
I've had enough
