

Hully Gully

Beach Boys

Well, there's a dance spreadin' 'round like an awful disease
(Hully, hully gully)

You just shake your shoulders and you wiggle your knees
(Hully, hully gully) Well, there's a dance spreadin' 'round from coast to coast
(Hully, hully gully)

Well, when me and my baby do it that's how we do it the most
(Hully, hully gully) Mama, hully gully
Papa, hully gully

Baby, hully gully, too Well, I went to a party now and what did they do?
(Hully, hully gully)

Well, now everybody's doing it, son, now why ain't you?
(Hully, hully gully) Everybody's lookin' like they got the shakes
(Hully, hully gully)

You just wiggle your shoulders, man, it's all it takes
(Hully, hully gully) Mama, hully gully
Papa, hully gully

Baby, hully gully, too Hully, hully gully
(Do it with your left shoulder)

Hully, hully gully
(Do it with your other shoulder, now)

Hully, hully gully
(Switch your blades)

Hully, hully gully Mama, hully gully
Papa, hully gully

Baby, hully gully, too Mama, hully gully
Papa, hully gully

You can hully gully, too
