TonightÂ´s The Night

Discorda

Well, tonight's the night
I'm gonna get it right
Gonna hit the scene with my friends
Tonight's the night, I'm a feel alright
Feel alright againTonight's the night
I'm gonna do what I gotta do
To get out of here
Tonight's the night, I'm a feel alright
Feel alright againBought myself a quick cheap ticket
Lookin' for a brand new scene
Gotta get the hell outta Hollywood
'Cause everyday is HalloweenHit the town with brass knuckles
While all the good people stare
I hope I don't end up in jail
But then again I don't really careTonight's the night
I'm gonna get it right
Gonna hit the scene with my friends
Tonight's the night, I'm a feel alright
Feel alright againTonight's the night
I'm gonna do what I gotta do
To get out of here
Tonight's the night, I'm a feel alright
Feel alright againI think it's time to have some fun
Now what am I goin' to wear?
Where we gonna go?
And whos gonna do my hair?Got these hot ass boots
But ain't got nothin' to do
Somebody better give me some gas money
Or we'll be sittin' here like foolsWell, tonight's the night
I'm gonna get it right
Gonna hit the scene with my friends
Tonight's the night, I'm a feel alright
Feel alright againTonight's the night
