

# Silenced

## Mudvayne

Sticker this, censor this, ban this  
We've got something to say  
Police this, condemn this, damn this  
We'll be heard anyway  
Middle finger is the flag that I wave when I'm silenced  
Listen here  
Is it a possibility that we're all just equal?  
Slam the power down, abusing oh doesn't it piss you off  
To be beaten at your own game?  
You lead us with false morals and shelter reality  
No more, we're not buying your product  
When you're selling the words preaching silence  
Insult me in my home where you were never invited  
To live life on your curb  
Frustrating  
Throw sticks into the spokes to relieve insecurities  
Stifle all ascension and sticker our freedom of speech  
So wrong  
Sticker this, censor this, ban this  
We've got something to say  
Police this, condemn this, damn this  
We'll be heard anyway  
Middle finger is the flag that I wave but I'm silenced  
Silenced

Don't tell me what I want  
Don't tell me what I need  
Don't tell me how I need to feel  
I feel goddamn nothing  
Dig the eyes out of my face  
And I can still see right fucking through you  
Fuck you and everything you are  
Fuck me, we're us and that's all  
Closed mind with a forum criticize  
Keep your policy and I've got mine  
Exploit me, fabricate your lies  
We empower these cowards just to be left in silence  
Listen here  
Stand on my soapbox and I speak my own peace

Whatever you may think  
It's real  
Prevail through what is me and step on your beliefs  
Thieving, spineless sellouts robbing our integrity  
Bring it on  
Sticker this, censor this, ban this  
We've got something to say  
Police this, condemn this, damn this  
We'll be heard anyway  
Middle finger is the flag than I wave when I'm
