Real (feat. Yasmin)

Gorgon City

You and I
Were so in love
Nothing could ever come between us
But me and you
We're so confused
And now we're left in broken pieces
I know that the faster you rise is
Harder to fall.Now we don't care it all
You and I
Just can't be free
Now all I know is that we used to be real
We used to be real
We used to be real
We used to be realYou and I
We're far too young
Thought we knew what we were feeling
But me and you
We hadn't
And now we lost and have no meaning
We know we need to let go
It's the end of the road, don't go back
We can get by on our own.You and I
Just can't be freed
All I know is that we used to be real
We used to be real
We used to be real
We used to be real
We used to be real
We used to be so real
Ain't no happy ending
We were living like pretending
No answer to a question
We are just too far go remember
We had everything
We were so patheticBut now we are the lack that we used to be, heaay
We used to be real
We used to be real
We used to be real
We used to be real

We used to be real
We used to be realYou and I
Were so in love
Nothing could ever come between us
But me and you
We're so confused
And now we're left in broken pieces
I know that the faster you rise, is
The harder you fall
Now we don't care it all
You and I
Just can be free
Now all I know is that we used to be real
We used to be real
We used to be real
We used to be real
We used to be real
We used to be real
We used to be real
Oh, real, real, real
We used to be so real
We used to be real
