Back In the Days (Skit)

[MF Doom](...)

It was back in the days when I met a brilliant student named DOOMHello? Anybody home?

Wow, look at that equipment

I wonder what DOOM is working onNow I'll just rearrange a few of these circuitsWhat are you doing in my room?

(You're even more stupid than I thought)

Give me those papers

(I just came by to say hello

But you'd better recheck those equations

You're off a few decimals

And that means big trouble if you use this material)

Get out of here
