

Get Back

John Pizzarelli, Don Sebesky, Martin Pizzarelli, T

1, 2, 3, 4

Oh no, here we go
Catch me if you can
Don't move too slow
I'm on another level
Can you feel my flow?

See how good
When I'm on the floor
Wonder if you're ever
Gonna zing that I got

I told you before
That I'ma keep it hot

See how it is
When I walk up in the spot
Standing in a line

Ah, I think not

I came to party, baby
You might think I'm crazy
By the way I'm moving

To the beat

You're standing on the wall
What you come here for?
You wanna feel the heat

Dance and lose control

Get back

(Get back)

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then

DJ spin it back

Know that I like it

When you do it like that

Eyes on my waist

Feel you better think fast

Got that kind of body

Make you wanna spend cash

Shake it like you seen them do it

In the video

Ladies on the floor

Let me see you get low

Fellas at the bar

Won't you spend a little dough?

This is how I do it

When I'm tearing up the floor

I came to party baby

You might think I'm crazy

By the way I'm moving to the beat

You're standing on the wall

What you come here for?

You wanna feel the heat

Dance and lose control

Get back

(Get back)

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then

Watch me

You like it, I've got it

1, 2, 3, 4

Would you like it

If I tease you

Get you really hot

Watch me turn around

Then let me show you what I got

Baby, if you're ready

Won't you step up to the plate

Don't be scared of how I'm moving

Boy, don't play it safe

Let me see you move

Let me see you dance

Let me see you bounce

Danja, bring it back

Get back

(Get back)

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then
