Zion Chant

Judy Mowatt

In this world, there's pure confusion
People dying 'cause of sufferation
I know a place where there is no confusion
So here is your chance to make your decision
It's getting late
Going home to holy mount Zion
Join the light
Don't need the baggage
Going home to holy mount Zion
Marching on because we're African childrenHeads of government, we're calling on you
To free jah people from captivity
The longer you take it's the worse it's gonna get
Cause when jah chant from Zion
Lightning and thunder
Run dem asunderGoing home to holy mount Zion
Join the light
Don't need the bagage
Going home to holy mount Zion
Marching on African childrenGoing home to holy mount Zion
Join the light
Don't need the bagage
Going home to holy mount Zion
Marching on African children
