

Sadistic Embrace

Carnifex

Since the beginning I've been thinking of a way. Since the beginning I knew I couldn't change. I knew from day one that this never had a chance. It's all fake, it's all in the past. Partial understanding of my forced identity; I'm dead inside and it's all I'll ever be. I gave up everything, I gave it all away. Partial understanding of my forced identity; all we have is false hope.
