

# Now!

## Jimmy Arnold

Your life begins and ends with you  
You're the decider- what cha gonna do.. (NOW)  
Yesterday's gone and there is only (NOW)  
What cha gonna do? What cha gonna do? (NOW)  
The ball is in your court- what cha gonna do? (NOW)  
and ya don't get your money back Everything is everything or nothing at all  
You are the one who makes that call  
What are you waiting for? Do it! (NOW)  
Go! Go get it! (NOW)  
say, say, say, say, say it! (NOW)  
You had better be living in the here and now- (NOW)  
and you don't get your money back. Everything is everything or nothing at all.  
You are the one who makes that call.  
Time is only passing away.  
Live like there's no tomorrow- only today. (NOW!) Clocks are ticking, Time is wasting  
(NOW!) Another day your dreams are waiting  
(NOW!) (NOW!) and you don't get your money back.
