

# Caught up in You

[Kate Voegele](#)

Oh my heart, tell me what have you done  
You've fallen oh so hard, fallen oh so far  
And I can't get enough of everything that you are  
I've fallen oh so hard, oh so far I feel the same way  
You take my breath away Oh me too baby Oh, I'm caught up in you  
Let's get a little closer now, let's get a little closer  
Oh, I'm caught up in you  
Let's get a little closer now, let's get a little closer now  
Caught up in you  
Oh sweet love, take what you want from me  
My body hardness so, it's yours and yours alone  
Oh sweet love, tell me what do you need  
I'll be your anything and your everything I feel the same way  
You take my breath away Oh me too baby Oh, I'm caught up in you  
Let's get a little closer now, let's get a little closer  
Oh, I'm caught up in you  
Let's get a little closer now, let's get a little closer now  
Let's get a little closer now  
Oh, I'm caught up in you  
Let's get a little closer now, let's get a little closer  
Oh, I'm caught up in you  
Let's get a little closer now, let's get a little closer now  
Let's get a little closer now  
Let's get a little closer, now, now, now Oh my heart, tell me what have you done  
You've fallen oh so hard
