Fakear

Don't want to settle for the wrong life
Don't want to hurt until i care
I reason constantly question why, I once cared
For ward in a line to save me
Hold back all that could give
No more waiting for the wild ones to escapeYou've gone let me done again
I'm glad that we have found the end
I'd rather find myself a friend
And settle downI've watch wiser ones be draws by
Promise of a happy end
I've been scared one too many times
By the bye
You've gone let me done again
I'm glad that we have found the end
I'd rather find myself a friend
And settle down
