

Are You Ready To Live?

Korn

I know what you're thinking
I know what you're thinking
I know where everything in this world surrounds me I feel your breathing
I feel your screaming
I feel I can't go nowhere in this world without leaving My mind plays tricks on me
I can't control it you see
I feel it beating down the fake around me My mind plays tricks on me
It's unbelievable to see
I'm always testing the shit around me Let me tell ya something
This shit is beaming
It won't leave me alone
My disease, I'm missing
You think you feel me
You think you know me
'Cause I'm the hell in your head My mind plays tricks on me
I can't control it you see
I feel it beating down the fake around me My mind plays tricks on me
It's unbelievable to see
I'm always testing the shit around me Are you ready to live?
Are you ready to die?
All I do is give
Am I wasting my time?
I am ready to live
I am ready to die
All I do is give
Am I wasting my time? (No)
Yes I'm ready to live (No)
Yes I'm ready to die (No)
All I do is give (Ahh)
Am I wasting my time? (No I'm not!) [4x] My mind plays tricks on me
I can't control it you see
I feel it beating down the fake around me My mind plays tricks on me
It's unbelievable to see
I'm always testing the shit around me Are you ready to live?
Are you ready to die?
All I do is give
Am I wasting my time?
Are you ready to live?
Are you ready to die?

All I do is give
Am I wasting my time?
All I do is give [3x]
