

I'm With a Crowd But So Alone

[Elvis Presley](#)

I'm with a crowd but, oh, so alone
I, I still have the picture you sent me
And you signed it with love you recall, yeah
And the one of me that you wanted
Is it now hanging face to the wall
At night I'm never alone
I'm afraid that I'll weaken and phone
And I'm afraid that you will be gone
I'm with a crowd but, oh, so alone
