

Fuck The World

2pac

Who you callin' rapist? Ain't that a bitch?
You devils are so two faceted
Wanna see me locked in chains, dropped in shame
An' gettin' stalked by these crooked cops again?
Fuckin' with the young black male, tryin' to stack mail
An' stay away from the packed jails
I told the judge I'm in danger
An' that's why I had that fo'-five with one in the chamber
Fuck the world
They tryin' to say that I don't care
Woke up screamin', "Fuck the world"
They tryin' to say that I don't care
Just woke up an' screamed, "Fuck the world"
They tryin' to say that I don't care
I woke up an' screamed, "Fuck the world"
They tryin' to say that I don't care
Just got up an' screamed, "Fuck the world"
When I was comin' up rough that wasn't even what you called it
That's why I smoke blunts now an' run with alcoholics
I'm gettin' threats to me, comin' from my enemies
An' in they dreams, it's Hell where they sendin' me
Have I lost control or just another soul?
A car full of motherfuckers when we roll
Sippin' on Yak as I sit back, life as a big mack
Brothers come up an' say, "You did that?"
Never take yo' eyes off the prize an' even if you gettin' high
Don't ever hesitate to try
'Cause you can fall off or stay ballin', niggaz we all in
An' them, my motherfuckers callin', "Fuck the world?"
They tryin' to say that I don't care
Woke up an' screamed, "Fuck the world"
They tryin' to say that I don't care
Just woke up an' screamed, "Fuck the world"
They tryin' to say that I don't care
I got up an' screamed, "Fuck the world"
They tryin' to say that I don't care
I woke up an' screamed, "Fuck the world"
They tryin' to say that I don't care
Man, fuck the world

Damn, they wanna label me a menace
'Cause I'm sittin' here sippin' on Guinness
Weighin' 165 an' these tricks should die
For bein' jealous of a brother when he rides
I can see it in yo' eyes, you wanna see a young playa fallin'
They hate to see a nigga ballin'
Some of you suckers is rottin', plottin' on what I got
An' then you wonder why I shot him
Stop givin' game for free, you wanna hang with me
Like being a thug is the thang to be?
But I got love for my homies, the Gs an' macks
An' if you're black, you better stay strapped
Nigga, fuck the world
They tryin' to say that I don't care
I woke up an' screamed, "Fuck the world"
They tryin' to say that I don't care
I woke up an' screamed, "Fuck the world"
They tryin' to say that I don't care
Got up an' screamed, "Fuck the world"
Haha, fuck the world, fuck it
I hear my niggaz screamin' fuck the world
They wanna know if I claim the click that I'm hangin' with
An' if I'm down with this bangin' shit
Well, homie, I don't give a fuck if you Blood or cuz
Long as ya got love for thugs
But don't try to test me out, stall that
Homie, this is 'Thug Life', nigga an' we all strapped
I been through Hell an' back an' if I fell black
Then it's back to the corner where we sell crack
Some of you niggaz is bustas, you runnin' 'round
With these tramp-ass bitches, don't trust her
But don't cry, this world ain't prepared for us
A straight thug motherfucker who ain't scared to bust
Fuck the world
They tryin' to say that I don't care
I woke up an' screamed, "Fuck the world"
They tryin' to say that I don't care
I woke up screamin', "Fuck the world"
They tryin' to say that I don't care
I woke up screamin', "Fuck the world"
Fuck the world
I don't care, I don't care, I don't care
