

Never Before (2012 Remastered Version)

Deep Purple

Somebody Somebody
Come to my side
I'm tired I'm crying
I'm sick inside
My woman that woman
Just wasn't right Help me now please my friend
I never felt so bad before
Never never before So funny so funny
Just like a show
One name two people
All in a row
Somebody Somebody
Someone must go Help me now please my friend
I never felt so bad before
Never never before I was hurt when I was younger
By a woman who was cold
She took my name
She took my body
And she threw away my soul Can't hide I can't hide my misery
I know my sorrow won't set me free
She did it d'you see she did it to me Help me now please my friend
I never felt so bad before
Never never before
