

# Stolen Sidewalk

## Bif Naked

I'm a junkie, I'm a whore  
That's what you always called me  
I am raw, an open sore  
I ache to remind me I'm a weakling, you are strong  
Pick me up from where I lay  
Here on a stolen sidewalk  
Baby, don't make me beg I'm religious once again  
We all are before we die  
And I am so sick to death  
Wasted tears I cry And who said love would always mend  
And fill the emptiness again?  
Should light a single candle  
Make a prayer in my name I'm a weakling, you are strong  
Pick me up from where I lay  
Here on a stolen sidewalk  
Baby, don't make me beg I am not right, you're not wrong  
I can't last another day  
Here on a stolen sidewalk  
Baby, don't make me beg The closest thing I found to heaven  
Is sitting here, talking to you  
I'm the queen of Western Paradise  
Don't you know nothing left for me to do? I'm a weakling, you are strong  
Pick me up from where I lay  
Here on a stolen sidewalk  
Baby, don't make me beg I am not right, you're not wrong  
I can't last another day  
Here on a stolen sidewalk  
Baby, don't make me beg I'm a weakling, you are strong  
Pick me up from where I lay  
Here on a stolen sidewalk  
Baby, don't make me beg I am not right, you're not wrong  
I can't last another day  
Here on a stolen sidewalk  
Baby, don't make me beg
