

# Shit Eater (live)

## Autopsy

Ass in the air, turd ring dialating  
Matted butt hair, anal vapor rising  
Give it a squeeze, my feast is emerging  
Give it to me, let's begin the purgingI open my mouth and catch it as it drops  
I chew and chew and love it brown and soft  
I squish the crap between my teeth with my tongue  
With a shit eating grin I'll lick 'til clean your bungI'm a shit eaterSteaming chunky hunk of log  
Taste it smell it eat it all  
Maybe one turd maybe two  
Whatever I can get from you
