

Jack Blue

Chris Knight

Sheriff come in the pool hall
With that look on his face
Have you seen Jack Blue around this place
He's a bad one him always breakin the law
If you see Jack Blue better give me a call
Jacks shooting pool on a Friday night
Couple out of town boys lookin for a fight
It was 2 on 1 but Jack evened the score
Paramedics packed one of em out the door

CHORUS

Well you dont go lookin for trouble
Aint that what the old folks say
Dont go lookin, dont go lookin for trouble
Itll find you. anyway
57 stitches in that boys hide
Doc shook his head said your lucky your alive
Dont go lookin for Jack Blue
Heres some thread and a needle in case you do

CHORUS

Well you dont go lookin for trouble
Aint that what the old folks say
Dont go lookin, dont go lookin for trouble
Itll find you. anyway
Jack works in his yard and he drinks ice tea
He aint had a fight since 93
Dont go to bar rooms or billiard halls
Tries to teach his boys to respect the law

CHORUS

Say you dont go lookin for trouble
Aint that what the old folks say
Dont go lookin, dont go lookin for trouble
Itll find you. anyway
Itll find you anyway
Itll find you anyway
