

Wooly Clouds

Little Auk

We paint the sky
The brightest blue
With wooly dots of clouds
You take my hand
You play around
In the greenest grass Today you crown me your Prince
With your blinkin' eyes We play hide 'n seek
In the meltin' sun
We're both invisible
You take my hand 'n
Drag me through this
Unsuspicious crowd Today you crown me your Prince
With your tender lips Jump with me
Hold onto the meltin' sun Climb upon a cloud
Let the whole world pass us by Today you crown me your Prince
Your Majesty Today you crown me your Prince
And I declare you mine
