

# Will Do (Switch Remix)

## TV on the Radio

It might be impractical to seek out a new romance  
We won't know the actual if we never take the chance  
I'd like to collapse with you and ease you against this song  
I think we're compatible, I see that you think I'm wrongAny time will do, my love  
Any time will do, no choice of words will break me from this groove  
Any time will do, my love  
Any time will do, what choice of words will take me back to you?Your love makes a fool of you, you can't  
seem to understand  
A heart doesn't play by rules and love has it's own demands  
But I'll be there to take care of you if ever you should decide  
That you don't want to waste your life in the middle of a lovesick lullabyAny time will do, my love  
Any time will do, no choice of words will break me from this groove  
Any time will do, my love  
Any time will do, the choicest words will take me back to you
