

# Never Too Far

[mdpc](#)

You're with me 'til the bitter end  
What we had transcends this experience  
Too painful to talk about  
So I'll hold it in 'til my heart can mend and be brave enough to love again  
A place in time still belongs to us  
Stays preserved in my mind  
In the memories, there is solace  
Oh, never too far away  
I won't let time erase one bit of yesterday  
'Cause I have learned that nobody can take your place  
Though we can never be, I'll keep you close to me  
When I remember  
Glittering lights, incandescent eyes  
Still preserved in my mind  
In the memories, I'll find solace  
Love, never too far away  
I won't let time erase one bit of yesterday  
And I have learned that nobody can take your place  
Though we can never be, I'll keep you close to me  
And I remember  
A place in time still belongs to us  
Stays preserved in my mind  
In the memories, there is solace  
Love, never too far away  
I won't let time erase one bit of yesterday  
'Cause I have learned that nobody can take your place  
And though we can never be, I'll think of you and me  
Always remember  
Love, you're never too far
