Before We Disappear

Chris Cornell

Time ain't nothing if it ain't fast
Taking everything that you ever had
And giving nothing in return
But a cold bed in a quiet earthBut there's a door in every cell
A pearl inside of every shellHow hard can it be
To share your love with me?
How hard can it be
To rise with me each morning
How long when it feels like
We'll live forever I fear
That time will hide the yearsLife ain't nothing if it ain't hard
It'll show you who you truly are
Knock you down when you get too tall
Till you spun around in a free fallBut somewhere out there past the storm
Lies the shelter of your heartSo how hard can it be
To share your love with me?
How hard can it be
To rise with me each morning
How long when it feels like
We live for ever i fear
Like we were never here
So hold on tightly my dearI'm not one to waste my time
Searching for something lightning
Somewhere out there lies the stone
Lies the shelter
Of your heartSo how hard can it be (how hard)
To share your love with me?
How hard can it be
To rise with me each morning
How long it feels like
We will live forever
But I fear
That time can hide the years
Like we were never here
So hold on tightly my dearBefore we disappear
Before we disappear
