Charon

Symphony X

Through me you pass - just take my hand
The ferryman whispers my name
The course has been set - lord of the damnedTo the banks, over river of painWe rise and fall - with the tide
On through the gates, where shadows await
See the glimmer of gold in his eye"The bridges have been burned - never to return"Sail away - on the winds of Charon
Take me to the distant shore
Lead the way - on winds of Charon
By the Gods, I can't ignore
The sight of his face - shrouded in death's cold embrace
Through me you pass - to the lacrymose plains
Though my passage comes with a price
A sky without stars is all that remains
To the shores made of fire and iceWe rise and fall - with the tide
Just say the word - cause there's no return
To the coast where the true power lies"The bridges have been burned - never to return"
Sail away - on the winds of Charon
Take me to the distant shore
Lead the way - on winds of Charon
By the Gods, I can't ignore
The sight of his face - shrouded in death's cold embrace
