Shrink

C.H. District

If only people could shrink
Our world wouldn't be so overcrowded
Bring ourselves down to size
There'd be so much more food to go 'round
Why don't we build a machine
With all the know-how of the industries
We put a man on the moon
On earth we'll need more room to breathe real soon
Oh
Drink your vaccine and let's shrink
And bring your poodle so it doesn't eat us
The roads will be so wide
No traffic jams when we're half a foot tall
Bring what you need down here

We'll shrink it all by microwave
Don't wanna die like dinosaurs
We'll have enough resources to go round
Oh
So now you've made the big shrink
Meanwhile we'll keep acting big
We well-bred beautiful people
Who says we have to go too?
Cops and mason businessmen
Were exempted from the ovens
As if you weren't already.
The rest of you are all our termites now
Oh
