

Pete Wentz Is the Only Reason We're Famous

Cobra Starship

Yo, give it up 'cause I know what you got
You can ride to the top but you can't ride on my cock, yeah
So give it up, yeah, come on, come on
And when the lights off I'm gonna show you how Bruce Leroy glow I'm the last one standing, yeah
And I ain't never scared, yeah Smash it up, smash it up, I'm gonna kick it down
Be cool tonight, don't wanna start a fight
Smash it up, smash it up, you know I'm kicking it down
Aah, one, two, three go I'm not street but I do what I gotta do
So what, you got a crew? I got a crew too
I'm not street but I do what I gotta do, oh, oh Half crashed up joints in Tokyo
And I may not be loved but they always recall my name I'm the last man standing, yeah
And I ain't never scared, yeah Smash it up, smash it up, I'm gonna kick it down
Be cool tonight, don't wanna start a fight
Smash it up, smash it up, you know we're kicking it down
Aah, one, two, three, go I'm not street but I do what I gotta do
So what, you got a crew? I got a crew too
I'm not street but I do what I gotta do, oh, oh Come on everybody, my brothers and my sisters now
You know that we don't need no money
Tonight we're gonna kick it down Come on everybody, while they sleep we rule the streets
And you're not alone 'cause when we roll we roll deep, yeah
Come on everybody, tonight there's gonna be no beef, oh, oh Oh, oh, whoa, oh
Oh, oh, whoa, oh
Oh, oh, whoa, oh
Oh, oh, whoa, oh Smash it up, smash it up, I'm gonna kick you down
Be cool tonight, don't wanna start a fight
Smash it up, smash it up, tonight we kicking it down
Aah, one, two, three, go I'm not street but I do what I gotta do
So what, you got a crew? I got a crew too
I'm not street but I do what I gotta do, oh, oh Oh, oh, whoa, oh
Oh, oh, whoa, oh
Oh, oh, whoa, oh
Oh, oh, whoa
