I'm too cool for this, gotta face
Tryna play him for a ride but I can't keep my pace
With you, I feel, I can be me
With you, I feel, life is realChorus
All I'm really doin' is you (that's what I'm about)
Makin' you my number one (that's what I'm about)
And if we fall in love (It's even better boy)
