## **Sunny Day**

## **Dave Navarro**

It's a sunny day outside Lovely sunny day outside Happy butterfly outside I'm locked up insideI don't know if I can hear another tale Of how amazing you can be I don't know if I can hear another tale Of how amazing you can beSuch a lovely day outside (Fairies waiting) Birds are flying in the sky (Office meeting) Perfect temperature outside (Let's go swimming) Freezing deep insideI don't know if I can hear another tale Of how amazing you can be I don't think that I have really ever seen Just how amazing you can beI met some friends of mine I used to call them friends One of them was not so hairy One of them was not so scaryI ran into a girl I knew before I was on TV She stopped to get my number 'Cause she said that she was glad to see meI don't think that I have really ever seen Just how amazing you can be I don't think that I have really ever seen Just how amazing you can be(I don't think that I have, I don't think that I have)
