

Meet You There

Augustana

Advisory - the following lyrics contain explicit language:

Climb up a mountain
Just to watch it come down
But sooner or later babe
You're gonna need me around 'Cause you're getting older
There ain't no stopping that
It's a backstabbing world, honey
Just lean your head back The fool in me
It's like a dream, you see
But if the world is right
I'll drive all night, meet you there someday Six in the morning
Never felt so sweet
Just put on Lucinda, baby
And dance with me I know I'm hard to count on
Forget half what I'm told
You probably only know my voice
From a goddamn microphone The fool in me
It's like a dream, you see
But if the world is right
I'll drive all night, meet you there someday It's a fucking waste
A teenage taste of me
But if daddy cries
Just say goodnight and I'll come If I could change
And keep away the rain
Well, the sun would shine every night
And I'll come, meet you there someday The fool in me
It's like a dream, you see
But if the world is right
I'll drive all night, meet you there someday Meet you there someday
Meet you there someday
Meet you there someday
