

Gotta Love

Jodeci

I gotta love
I wanna give you
Much
Tell me
Bass
Love I wanna give
Drop it
Bass
Drop it
Come get it gal
Whatever you want
Do do do do do do do do...
Your place or mine
Tell me what will it be
I've got something I would like for you to see
Trust me now
It won't take much time
I got something I wanna leave on your mind
I gotta love
When you walk through that door
Kick off your shoes
Take off that dress I got a treat for you
Don't be afraid
Baby don't be scared
Can I touch your body or can I touch you there Chorus: I gotta love
I wanna give
If it's too much
Baby just tell me
I gotta love
I wanna give
If it's too much
Baby just tell me Check it out girlfriend
Yeah yeah yeah
Your sexy voice
Really turns me on
You've given me no choice
It's got to be done
How do you want it
Simple or complex

Gimme all you got
I just wanna be sexed I gotta love
I wanna give you
Much
Tell me
Love I wanna give you
Much
Tell me
Yeah yeah yeah
Drop it on em
I gotta love
I wanna give
If it's too much
Baby just tell me
I gotta love
I wanna give
If it's too much
Baby just tell me Devante, break it down
(devante's rap) I take that it was fun
Cause I didn't hear any complaints
I hope it was so good
Til it made you insane
I gotta love
If you should ever get bored
And you need some more
Come see me anytime
You're always welcome through my door I gotta love
I wanna give you
Much
Tell me
Love I wanna give you
Much
Tell me Bass
Yeah yeah yeah
Drop it on em
Aaah I gotta love
I gotta love
I wanna give
If it's too much
Baby just tell me
(repeat chorus 2x)
Break it down one more time for me baby
I gotta love
Bass, bass, bass
Do do do do do you want it baby

Bass

Do you want it baby
(ad-libs & repeat chorus)
