Heartshaped Tattoo

Doro Pesch

I'm just like you
And I've got a heart that's searchin'Tell me - is it true
Is that my fire behind your eyesAnd when you look at me
Do you really like what you seeDo you want somebody
Do you want somebody like me
Could you love somebody
With a heart shaped (heart shaped) tattooIt's a part of me
And while the world keeps changing
This heart will be
Always there for youAnd when you look at me
Do you really like what you seeIf you want somebody
Do you want somebody like me
Could you love somebody
With a heart shaped (heart shaped) tattooOh no I cant let you go
Cos you burned into my soulIf you want somebody
Do you want somebody like me
Would you love somebody
With a heart shaped (heart shaped) tattoo
