## Anna von Hausswolff

Oh my  
I'm guided by something  
I'm shocked, I'm stunned, and I can't sing  
A beauty, a spirit, a body for me to inherit  
Oh Mother I plead  
The earth  
The sun  
The rats  
The dust  
The lost son  
The sea  
The sky  
The stars  
The night  
I miss my sister my flickering light  
A hand that reaches out for me  
I hear it somewhere but I can't see  
We stumble upon a broken tree  
I leave the past to set me free  
Run to the Sun
